

## Description of Additional Supplementary Files

File Name: Supplementary Data 1  
Description: EGFR Mass spectrometry data

File Name: Supplementary Data 2  
Description: Gene Ontology EGFR interacting proteins.

File Name: Supplementary Data 3  
Description: RanBP6 interacting proteins.

File Name: Supplementary Data 4  
Description: Gene Ontology RanBP6 interacting proteins.

File Name: Supplementary Data 5  
Description: Shared EGFR and RanBP6 interacting proteins.

File Name: Supplementary Data 6  
Description: Cancer Cell line Encyclopedia (CCLE) data.

File Name: Supplementary Data 7  
Description: GBM expression datasets.
