Correction of: <https://www.jmir.org/2021/10/e31400>

(*J Med Internet Res* 2021;23(11):e34625) doi: [10.2196/34625](https://doi.org/10.2196/34625)

In “International Changes in COVID-19 Clinical Trajectories Across 315 Hospitals and 6 Countries: Retrospective Cohort Study” (*J Med Internet Res* 2021 Oct 11;23(10):e31400), two errors were noted.

In the originally published paper, equal contribution of the last three authors was not noted. This has been corrected to add a note of equal contribution to the last three authors, as well as to add a statement to the Authors' Contributions section denoting the nature of equal contributions.

In the originally published paper, an equal contribution footnote was applied to authors Griffin M Weber, Harrison G Zhang, and Sehi L'Yi.

In the corrected paper, the equal contribution footnote has been applied to authors Griffin M Weber, Harrison G Zhang, Sehi L'Yi, Tianxi Cai, Andrew M South, and Gabriel A Brat.

The Authors' Contribution section has been updated to include the following statement:

*These authors contributed equally: GMW, HGZ, SL.  
These authors jointly supervised the work: TC, AMS,  
GAB.*

The correction will appear in the online version of the paper on the JMIR Publications website on November 30, 2021, together with the publication of this correction notice.

*This is a non-peer-reviewed article. Submitted 02.11.21; accepted 10.11.21; published 30.11.21.*
