Supplementary Figure S10: RNA-Seq results of the transcript levels of *HVO_0758* (A) and *HVO_B0382* (B) in the H26 wild-type (H26 shown in green) and the *HVO_0758* deletion mutant (Δ HVO_0758, shown in orange). Reads from two biological replicates are depicted, respectively. Screenshots were taken from the Integrated Genome Browser.
